

# ENERGY BOOST GUMMIES + CAFFEINE

## Energy and Performance

**Energetic formula with natural ingredients and caffeine**

**Energy Boost + Caffeine formula in solid form**

**Still more natural: with Guarana extract and fruit pulp**

Victory Endurance presents the new **Energy Boost Gummies + Caffeine** its Energy Boost + Caffeine formula in solid form. Fruit based Vitamin gummies with an ideal combination of carbohydrates, amino acids, Guarana extract, caffeine, electrolytes and vitamins as our Energy Boost Gel + Caffeine gels with caffeine, more technical.

Energy Boost Gummies + Caffeine provide energy during exercise, delay fatigue and boost performance.

### Its tested composition contains:

- **Carb mix:** a combination of fruit pulp (10%), sucrose and glucose syrup, which provides immediate and long-lasting energy.
- **Caffeine and Guarana:** And ingredient with proven ergogenic action, that is, it improves performance. In the short-term it stimulates the central nervous system, thus augmenting concentration, etc. In fact, it also helps in the long-term because: 1) it activates the metabolism of fats since we use it as an energy source, which improves performance saving glycogen; 2) it improves muscle contraction.
- **L-Arginine:** An amino acid and Nitric Oxide precursor, important vasodilator, which allows us to improve oxygen and nutrient delivery to cells. Very important amino acid in the elimination process of toxins generated during physical exercise.
- **L-Taurine:** An amino acid that improves the osmoregulation process, key in endurance sports. It improves the assimilation of other nutrients and boosts the effect of caffeine.
- **Electrolytes:** In endurance sports re-establishing electrolyte balance in cells is crucial to produce a good muscle response. This is why we have added:
  - **Potassium:** it takes part in the acid-base balance, muscle contraction and neuromuscular activity. Supports water retention.
  - **Chloride:** key to maintain water balance since it contributes to a better absorption of liquids.
  - **Vitamins B6 y B1:** Essential in energy and protein metabolism. If taken together, may improve motor skills.

	per Portion (4 gummies)
Energy	460 KJ 108 Kcal
Fat	< 0,1 g
Carbohydrates	26,6 g
- of which Sugars	22,4 g
Protein	0,42 g
Salt	0,15 g
Caffeine	62 mg
- of the Guarana	22 mg
L-Arginine	75 mg
L-Taurine	50 mg
Sodium	60 mg
Potassium	40,04 mg (2%*)
Chloride	126,96 mg (15,9%*)
Thiamine	0,84 mg (76,4%*)
Vitamin B6	1 mg (71,4%*)

\* % NRV = Percentage of Daily Reference Intakes for Adults

Because of its composition, texture and delicious flavor Energy Boost Gummies + Caffeine are the most complete gummies with caffeine in the market, bringing in this new format everything you need to keep going and boost your performance.

**Ingredients:** Carbohydrates (sucrose and glucose syrup), water, fruit pulp (10%), gelling agent (pectin), acidulant (citric acid), acidity corrector (tricalcium citrate), natural flavors (including caffeine), Minerals (sodium chloride and potassium chloride), Dry extract of guarana (Paullinia cupana), L-Arginine, Taurine, natural and artificial colorants (curcumin, brilliant blue FCF and caramel), vitamin B6 (Pyridoxine HCl) and vitamin B1 (Thiamine HCl).

**DIRECTIONS FOR USE:** Take 1-4 gummies during exercise.

**PRESENTATION:** 64 g bag with 8 Gummies.

**FLAVOUR:** Cola.
