Slim Choco Syrup is an irresistible chocolate "fit" syrup. It has a very good nutritional profile and is better when you compare it to the majority of syrups in the market. It is almost free of fats and sugars, but at the same time it is made with "real" ingredients, such as cocoa powder and fiber. A new sweet and healthy option to take care of yourself!

Why choose Slim Choco Syrup?

Because, although you have decided to remove caloric, fatty and sugar-rich foods from your diet; thanks to its excellent composition, you can continue enjoying every day moments of pleasure:

- **Only 12 kcal per serving.** Are you going to give up the taste just for this small amount?
- **Zero sugar:** sugar is the main ingredient in most sauces and syrups, as well as the prohibited ingredient if you want to take care of your diet. Therefore, Slim Choco Syrup only contains sugars naturally present in the ingredients and each serving only contributes the small amount of 0.23 g of sugar, so it can be considered a product with "zero" sugars.
- **Zero fat:** each serving only contributes 0.17 g of fat, so it can also be considered a "Zero fat" product.
- **High fiber content:** fiber helps to take care of the digestive system and also takes longer time to digest, so it helps calm your appetite when you feel hungry.
- **No salt:** the careful composition of this syrup will not add to your diet any salt.
- **With 8% cocoa powder:** all the purity of the cocoa, so you can enjoy the most delicious flavour.
- **Vegan:** perfect if you are into a Vegan lifestyle, vegetarian or simply want to reduce the intake of food from animal source.

In addition, it comes in a practical anti-drip container, which allows you to store it in a comfortable way in the refrigerator.

For all these reasons, if you like to take care of yourself, this syrup is the perfect choice to sweeten and give chocolate flavour to your breakfasts, desserts or snacks... Eating well is easier and more appetizing than ever!
